**FREE JEWELRY PHOTOGRAPHY CLASS SAT 1-2:30PM**

**Wire Art Jewelry Videos**

I have recently remade my Videos. There are now 4 separate videos or DVDs, each approximately 2 hours long. The 4 DVD/Video set includes 12 projects (including the projects taught in my classes) and introductory information about tools, wire, basic techniques, and suppliers. All together the set of 4 is approximately 8 hours of instruction. The quality of photography and the close-ups for the projects is outstanding . It's a very good way to learn the craft if you are unable to attend a class session.  
The DVDs or videos are available at shows or you may order by phone or email.  
We accept Visa, MasterCard, checks or Money Orders.
